

Host Page Discovery

1) Define the problem – The problem with me was after I got my template, I didn't know what to do at first, because my mind was somewhere else. Later, though after I finished with what I was so stressed about I got to think and start doing something I think people would enjoy viewing.

2) Brainstorm ideas - I got ideas just looking around the websites I used or looking at every day. For the colors, I just think what people want to see for colors and what colors seem a bit too much for a website. I do ask people around and see what I can come up a conclusion too for my beta design and then goes to my final design.

3) Look for inspiration - I look for inspiration rather than the websites I use every day or by the websites I just look up and they can give some ideas. Mainly it's the websites that I have bookmarked/go onto every day.

4) Gather assets - The fonts I chose for this page are Merriweather and Raleway

5) What are my adjectives - Design 1 - clean, calm, simple & Design 2 - comfortable, delightful, calm

6) Discuss your template selection process -

Starter Questions

What must be on the page? - A home page, a navigation bar, our projects that we did during these weeks, our experience in the class, and (optional) our contact information.

What is the purpose of the website? - The purpose of this website is to show what goes on in MACA 1840 class.

Why is the user visiting the page? - To show people what to expect from this class that they are about to take.

Design

What navigation style am I interested in it? - I'm looking for a simple and easy to follow navigation for the viewers so they can get to a subject that they want to know.

What navigation ideas? - A navigation that is simple and easy to guide viewers.

What inspiration did you find for an idea or a tone? - I went with a settled tone for my page so it wouldn't be too distracting, yet interesting enough to look around.

What colors scheme is interesting to you? - My color scheme would be rather popular colors mixed with settle colors to not over color the page, but also autumn colors as well look nice and calming.

Layout ideas: pictures of the hero of the school and the classroom with computers., about me, will have a picture of me and brief info about me and my love of design, and the nav buttons on top (there will be three or four) and as you click it will take you down to it, no new tab.

Branding / Identity:

Who are you? - I'm Isabelle Goike, a 20-year-old girl who loves design and wants to learn more about it and try to improve on.

Do you already have any media you like to use? - I like to use YouTube, Esty, Instagram, Hot Topic, and Fanjoy rather than just browser around and maybe grab an idea for how to design a website one day.

Content List

Host Page Content Outline

host page template: <https://maca-web.com/fall1840/host-template/> ↗

What is going on the page? In what form? In what container?

Will be used for layout thumbnails - What is the placement and proportion of elements

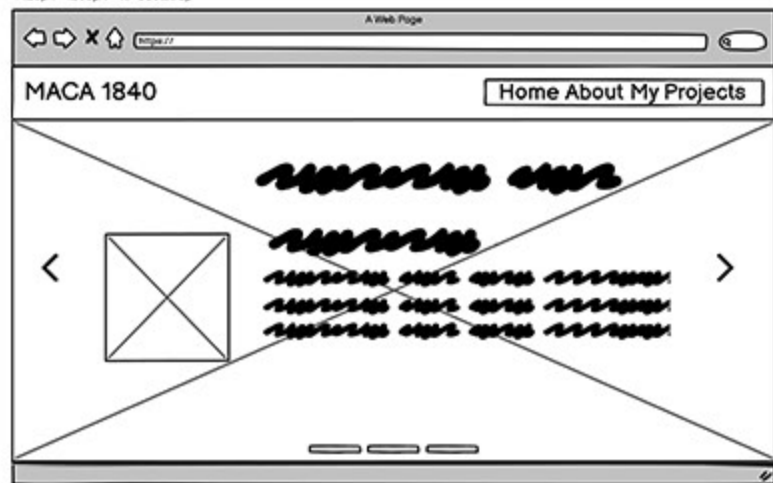

CONTENT LIST

Content	Form	design/build information
Browser tab	<title></title>	Change from template
Name	text	Page Title, medium size
MACA 1840		Include with Website Purpose? Page title?
MCC logo	img	foreground, medium sizes, not dominant
Website Purpose Statement	text	
Navigation buttons to assignments	cards	
An identity element about you: image(s), illustration, favorite quote, statement	statement image	
legal statement	text	copyright in footer

Welcome to Macomb Community College MACA 1840

Macomb Community College is a multi-campus community college in Macomb County, Michigan. The college is accredited by the Higher Learning Commission. This college offers university transfer, early college, professional certification, workforce development, continuing education and enrichment.

About Me

My name is Isabelle Goike. I've been design every since my second year of high school, where designing was something I wanted to do. So, I'm here at Macomb Community College to learn more about designing and to improve on my skills. Rather it be for web design or a simple design (like a logo or a picture for a company).

DESIGN WEB

I first learning of designing web during my second year of college and I found it hard, yet intresting. I love how when you design you can be open minded and use your imagination while you design.

LEARN MORE DESIGN

I hope to learn more about design during my years here in Macomb Community College. Hopfully I can find a great job for designers so I can use my skills and hope to make people happy and intrested into designing.
